psychologica**

Author index to Volume 86

Alain, C., <i>see</i> Buckolz, E.	1
Arthur, E.J., <i>see</i> Hancock, P.A.	57
Bashore, T.R., Some thoughts on neurocognitive slowing	295
Bashore, T.R. and M.W. van der Molen, Preface	105
Brodeur, D., <i>see</i> Plude, D.J.	227
Buckolz, E., P. Stapleton and C. Alain, Activation-interference association for finger responses in choice reaction time tasks	1
Cerella, J. and S. Hale, The rise and fall in information-processing rates over the life span	109
Chrysler, S.T., <i>see</i> Hancock, P.A.	57
Donk, M., Human monitoring behavior in a multiple-instrument setting: Independent sampling, sequential sampling or arrangement-dependent sampling	31
Enns, J.T., <i>see</i> Plude, D.J.	227
Hale, S., <i>see</i> Cerella, J.	109
Hancock, P.A., E.J. Arthur, S.T. Chrysler and J. Lee, The effects of sex, target duration, and illumination on the production of time intervals	57
Kail, R. and T.A. Salthouse, Processing speed as a mental capacity	199
Kemp, S., Bias in dating news and historical events	69
Kerstholt, J.H., The effect of time pressure on decision-making behaviour in a dynamic task environment	89
Lee, J., <i>see</i> Hancock, P.A.	57
Molenaar, P.C.M. and M.W. van der Molen, On the discrimination between global and local trend hypotheses of life-span changes in processing speed	273
Plude, D.J., J.T. Enns and D. Brodeur, The development of selective atten- tion: A life-span overview	227
Salthouse, T.A., <i>see</i> Kail, R.	199
Stapleton, P., <i>see</i> Buckolz, E.	1
Van der Molen, M.W., <i>see</i> Bashore, T.R.	105
Van der Molen, M.W., <i>see</i> Molenaar, P.C.M.	273
